About the program

NISM Certified Course in Securities Markets (NCCSM) is a joint program being offered by National Institute of Securities Markets, an institute promoted by Securities and Exchange Board of India and Saintgits Institute of Management, Kottayam, a reputed institute offering management programs. The aim of this program is to equip graduate and undergraduate students for careers in securities markets.

Significance of program on securities markets

Indian Securities Market has been growing in terms of market capitalisation, number of listed companies, amount of capital raised, use of technology, inflows of funds from foreign investors and significant reforms being brought in among other things. With growing economic activity, securities market offers rewarding career opportunities to young students.

This program will prepare students for career in stock broking businesses, mutual funds distribution, depository operations, and other allied activities.

Eligibility

Graduates or those pursuing graduation are eligible for admission to the program.

Duration of program

Maximum duration: Four months
Total 100 hours - Comprising of theory, practicals, hands-on, simulation training along with the NISM certification exams and Bloomberg Market Concepts Certification exam.
