

### SAINTGITS GREEN POLICY

1. Waste water in the campus is recycled and reused to water plants and trees in the campus.
2. Encourage our students to use cloth banners when programs are organized in the campus, thereby avoiding flex.
3. Motivate our students to use paper pens and paper files, when seminars, workshops and meetings are organized.
4. Segregate waste generated in to biodegradable and non-biodegradable and burn non-biodegradable using incinerator.
5. Remind staff and students to switch off lights, fans and water taps when not in use.
6. Promote use of cloth bags instead of plastic bags.
7. College Nature club is directed to organize nature tour to forests and natural habitats to study and experience nature in depth.
8. Students are instructed to bring food and drinking water in stainless steel utensils and avoid the use of plastic disposable items.
9. Collect Electrical and Electronic wastes and forward these to scrap dealers for recycling
10. Green protocol posters are prepared and exhibited in the College.
11. NSS unit of the College is directed to promote organic farming in the locality.

## MANAGEMENT POLICY FOR PLANT AND TREE MAINTENANCE

Plants and trees are natural resources and these should be properly nurtured.

1. Plants and trees in the campus should be properly cared and should water them especially in summer season
2. They should be adequately nurtured as and when necessary.
3. Recycled water available in the campus can be used for watering.
4. Plants and trees should not be cut-off or damaged without the permission of project management
5. The project manager should visit the site before giving permission to cut trees and plants.
6. Cutting can be allowed only when there is public nuisance or threat to life.
7. When one tree or plant is demolished another one should be planted.
8. The Gardener should check plants and trees in the campus regularly and he should be supervised by project staff.
